RESPIN

RESPIN PROJECT

Migration from Remastersys

After contacting the original Remastersys developer regarding the fork to this abandonware, we donated some funds and were given the original code. The code was developed for 2 distros – Debian and Ubuntu. With the code for the core functionality, the gui and gtk code was also included.

The following is a diagram for the flow.

The following table shows the instances of remastersys changed to respin in the Debian version

February 2015

Path	Document	Changes
tools	debian-package.sh	Changed remastersys to respin Changed website to linuxrespin.org
src/etc	remastersys.conf	Document name to respin.conf
src/etc		Change remastersys dir to respin dir
src/etc	respin.conf	WORKDIR="/home/remastersys" to WORKDIR="/home/respin"
src/etc/respin	grub.png	Changed image
src/etc/respin	remastersys.version	Changed to respin.version
src/etc/respin	respin.version	RESPINVERSION="1.0.0-1"
src/etc/respin	remastersys-installer.conf	Changed to respin-installer.conf
src/usr/bin	remastersys	Change to respin
src/usr/bin	respin	Change Modification date and copyright date
src/usr/bin	respin	Change all remastersys and Remastersys to respin and Respin accordingly
src/usr/bin	remastersys-grubconf	Change to respin-grubconf
src/usr/bin	respin-grubconf	Change from remastersys to respin
src/usr/bin	remastersys-installer	Change to respin-installer
src/usr/bin	respin-installer	Change from remastersys to respin
src/usr/bin	remastersys-skelcopy	Change to respin-skelcopy
src/usr/bin	respin-skelcopy	Change from remastersys to respin
src/usr/share/man/man1	remastersys.1.gz	Change to respin.1.gz
src/usr/share/man/man1/ respin.1.gz	respin.1	Change to respin
src/usr/share/doc	remastersys	respin
src/usr/share/doc/respin/ changelog.Debian.gz	changelog.Debian	Changed remastersys to respin Changed to first release 0.0.0-1
src/usr/share/doc/respin/ changelog.gz	Changelog.Debian	Changed remastersys to respin Changed to first release 0.0.0-1
src/usr/share/doc/respin	copyright	Changed copyright information
src/usr/share/doc/respin/	README	Changed from remastersys to respin
src/usr/share/doc/respin/	README.remastersys.installer	Changed to README.respin.installer
src/usr/share/doc/respin/	README.respin.installer	Changed from remastersys to respin

Table 1: Modifications from Remastersys to Respin

February 2015

Path	Document	Changes
src/usr/bin	respin	Change format of the cli output Change “Examples” to “Options”
